INVESTMENT RESALE LIQUIDATION - SELLING REGARDLESS!

The interstate owner has very genuine reasons for moving this property to another astute Investor.

The existing tenant has signed a new lease starting 10 February, 2017 at \$277/wk. Add the Govt bonus of \$212.46/wk and you can see a combined total of \$489.46/wk.

The National Rental Affordability Scheme applied to this property is AMC/NRAS, and considered by professional Investors as superior to others.

Expiry date is May, 2022. So, think of all the price increases around the country that should lift the national average of this yearly increase for 5 more years, and cash in on the best half of the 10 year agreement!

The owner is bending over backwards and going the extra mile to guarantee a SALE!

It offers:-
Three b/IN Bedrooms + Two Bathrooms + Ceiling Fans + Air-conditioned Living + Toilet Downstairs + Single Lock Up Garage + spacious Covered Pergola and more...
