BUILT TO ENJOY THE LOCAL CLIMATE 12 MONTHS OF THE YEAR

Whether its the hottest day of summer or the coldest day of winter this near new home is built to be enjoyed through all four seasons. Throw in the termite proof steel construction plus the many other features this thoughtful owner has included and you have a property many of us would be proud to call home.

Inside you have a central entertaining hub with the master suite and guest wing/teenage retreat at opposite ends.

Outside the 5 acres offers peace, quiet, privacy and an abundance of local wildlife.

To complete the picture there is a large four bay garage/workshop fitted out with workbenches, running water and its own loo.

Because this property has been so well thought out, plus its proximity to all Noosa has to offer, I don't expect it to last long, so arrange your inspection today.

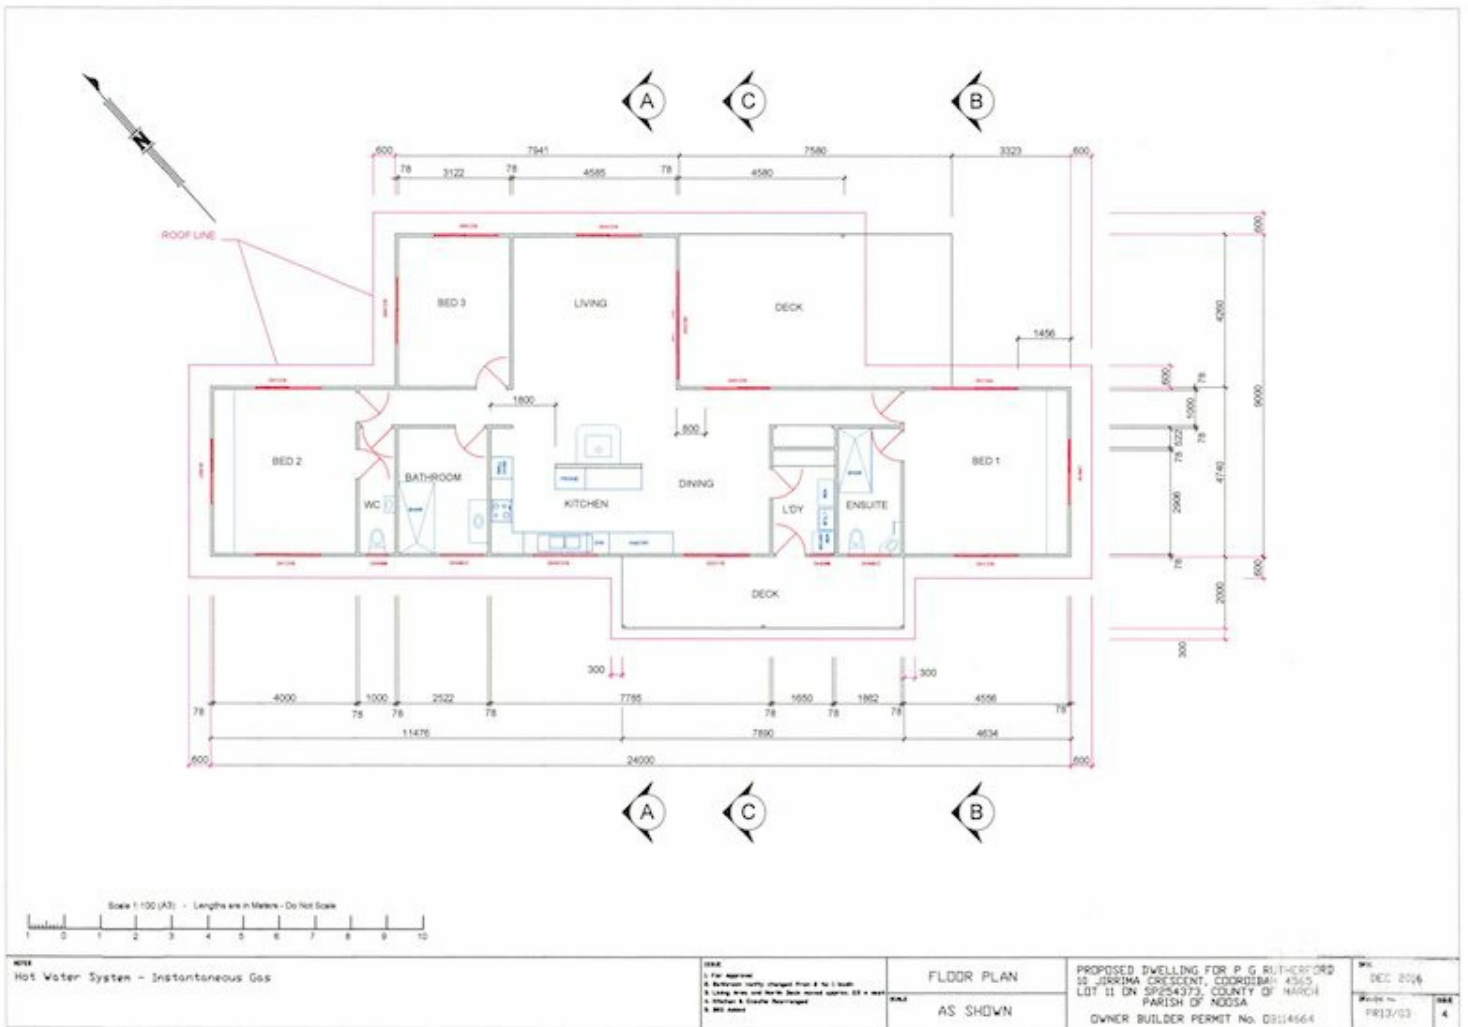

3 BED | 2 BATH | 0 CAR
