

FOR SALE

YOU BETTER BELIEVE IT!

FIRST TO SEE WILL BUY!

A secluded 10.73 ha (26½ acre) lot located on Moy Pocket Rd, midway between the Mary Valley villages of Imbil and Kenilworth. This is virgin bush country ... pioneering country!

The block is completely treed, but that's a good thing.

It is only partially fenced and has some walking tracks already in place. It has sealed road frontage but connecting to mains power would be difficult and/or expensive. However, off-grid systems are so good now that you can be totally self-sufficient with a solar power system.

The block has been priced to sell quickly and, as opportunities like this don't come often, you will need to move fast.
