AS GOOD AS IT GETS!

This is without a doubt one of the most accessible, private, convenient and flat vacant parcels of land for sale between Woolli and Coffs Harbour. Easy access to Woolli Beach from the rear of the property and reserve land to 2 boundaries promoting a private North and North Easterly aspect opportunity. Houses are being constructed in the estate and with very limited vacant land on offer it may be time to get a look in at this one soon. View the video to see how close to the beach you really are.
