HOME IN THE HEART OF WINDSOR

Locations don't come much better than this home in sought-after Windsor overlooking a park. This three-bedroom home, which is split over two levels, is boasting potential.

Welcoming you into the home is a spacious sunroom that leads on to three bright bedrooms – all with built-in-ropes – and a separate lounge room. Also upstairs is a large kitchen, with gas cooktop, and dining area leading out to a sizeable undercover deck that overlooks the extensive backyard and park. One of the bathrooms is also located upstairs.

The second bathroom is located downstairs as is another kitchen, entertaining area and patio – making this an ideal granny flat or rumpus room. There are also two utility rooms – perfect for a bedroom and laundry.

Located a short stroll to Breakfast Creek, shops, cafes and public transport, this home is an ideal spot to soak up the Windsor lifestyle.

The property would be suitable for a family with the potential to rent out the lower level of the home, an extended family or as an investment as it is currently returning \$900.00 a week in rent. The options are endless.
