## BUILD HERE 2.8 ACRES OF USEABLE LAND

Bring the boat, caravan, horse float, whatever as dual street facing offers easy access and parking options for them all.

Here's a rare opportunity to create your very own lifestyle in the much sought after Tinbeerwah Hinterland.

One of only two vacant blocks locally that I know of, this 1.15ha block not only boasts more than one building site, but a creek for an easier dam build or water for the horses or garden.

Because this property is centrally located in the "golden triangle" you have easy access to all the Sunshine Coast has to offer, plus for the buyer with school aged children, buses to all major schools.

To find a vacant building block not only of this size, but also with location written all over it is very rare, so make your enquiries today as tomorrow maybe too late.

0 BED | 0 BATH | 0 CAR

PRICE:  
\$620,000
