Not only does this Magnificent Builders display home in the heart of the Gold coast ooze quality, it will return you 7% PA on your investments for approximately two years while the display village is open. After that the open plan living of this perfectly designed property will make the ideal family home.

There are four large bedrooms, each with a walk in robe and the main boasting a lavish ensuite. Stone bench tops and gas appliances compliment the exquisite kitchen and butlers pantry which service the large family dining area with high raked ceilings. The separate lounge plus parents or kids retreat complete the air conditioned interior along with the main bathroom and additional powder room for the convenience of your family and friends. Vehicle accomodation is provided by the large double garage with quiet panel lift door.

Entertaining on those cool summer evenings is made easy with the fully functionable alfresco area and built in BBQ. Feel like a bit of quiet time?
