WATER VIEWS - CLOSE TO RIVER!

On Offer is a 2400 square meter split level allotment located at Blanchetown that is only 120 meters from the waters edge.
An excellent opportunity to develop a holiday getaway or build a storage facility for your weekend getaway (subject to council approvals).
There is a small amount of shedding and what remains of the original owners fishing shack constructed of Besser blocks and iron roof. A great place to establish as a campsite for vans or tents with the original building converted to a meals room/entertainment hub until a multi level build could be established to capture the river views.
