According to several articles published last year, Pimpama's population is reported to be the fastest growing in Queensland & the third fastest growing population in Australia.

This high growth rate has fuelled demand for housing which is fuelling investment in the area with several new shopping centres recently completed including the new Coomera Westfield Centre and a GC Council proposal in place for a \$56 Million Aquatic, recreation & sports centre to be built up the road from this property.

This could be the right home in the right location at potentially the perfect time in the market cycle.
