SOLD

YOUR HIDDEN OASIS RETREAT

Vlad Suleski proudly presents 133 Dianella Drive, Dianella!

Hidden away in the exclusive small estate of Montclair Rise is this resort style oasis. Every day is a holiday that sprawls over two levels & nearly 600m² of house on a massive 739m block!

This beautiful home oozes quality and luxury in every single centimetre and it's evident from the moment you walk through the large front timber & glass door.

All the bedrooms besides the master are situated downstairs to give each other privacy and great as teenage retreats. There are also plenty of bathrooms so they won't be any fights during school rush, one of them includes a bath tub which is extra convenient for young children or for the older ones to enjoy.

The kids will love the fact that there are two massive entertainment rooms which are currently used as a theatre room and games room. Perfectly suited for when they invite friends over & they can scream all they want as the parents are on a different level!

Laundries are usually the ones that are an after thought & small but not this one! It also features a laundry shoot from the second level, plenty of bench & cupboard space so you will get it done in no time.

We go up the stairs to the main living areas where you will be truly shocked at every angle & right in the middle is the master chef kitchen to make sure that whoever is cooking isn't left out of the action. What a kitchen it is! Let's start off with the double Miele oven + coffee machine centre piece surrounded by endless cupboard space finished in stunning dark timber cabinetry. The huge centre island has seating for 5 bar stools where you can salivate over what is being cooked while conversating with the chef. You may notice that you can not see the fridge & dishwasher, well they are there, just neatly hidden away behind the cabinetry. What is also concealed is the convenient & big scullery that can be easily accessed by the garage.

You can enjoy what you have served up in the dining area where it can easily accommodate at least a 12 seater dining table like the stunning thick cut wood table displayed & overlooking the vivid marine aquarium thats really easy to look after. After a long day, you will just want to sit & relax while you watch your favourite show in front of deluxe gas fireplace, or even better the

5 BED | 3 BATH | 5 CAR
