The studio, formerly used for pottery production and retail; is complete with fabulous games room, showroom, storeroom, and work area. Modifications would be required to the studio to obtain an approved upgrade for residential living, but this could house the extended family, be rented out to permanent tenant, or short stay Airbnb style accommodation creating an income stream.

In addition, there is a powered double carport with adjoining workshop, plus abundant onsite parking. A delightful pavilion with cosy fire pit is an inviting space for an intimate twilight wine on a cool crisp Maleny's winter evening, with a picturesque lake view across the treetops...take the time to savour the serenity.
