A PRIVATE HIDEAWAY, LUXURY SURROUNDED BY NATURE!

This sprawling family home is tucked away in a cul-de-sac next to a nature reserve and set on five gently sloping acres. If you are looking for a spacious, quality home in an area that has a quiet community feel but is still minutes from the centre of town this premium property is a must see for you. The views are far reaching and the surrounds are serene. The huge entertaining area takes full advantage of the aspect.

The elegant but practical kitchen allows that family feeling with the dining area adjoining and a family room with wood heater next door. There are five double bedrooms with built ins, the master having an en-suite and walk through robe. The double lock up garage has enough space for a workshop and has internal access to the home. This is complemented by a three bay lock up shed with cement floor and power so there is ample space for those extra machines.

Please contact me to arrange an inspection. I know you will be as impressed as I am.
