A BUSH RETREAT THAT IS SET UP AND READY TO ENJOY!

This private forty acre block has so much to offer. There are two sheds on the property with one being already decked out for those great getaway weekends and holidays. There is solar power and a good sized tank to allow you to camp and have those creature comforts catered for. Four dams mean that this property is capable of sustaining your stock even when the conditions are dry.

Please contact me to arrange an inspection of the property.
