PRESTIGIOUS, ELEVATED ACREAGE

THE IDEAL DESIGN FOR AN ACREAGE BLOCK, THE ALDEN 312 BOASTS LARGE LIVING AREAS TO MAKE EVERYDAY LIVING A DREAM.

The large master suite is located at the front of the house and is complete with an ensuite and dual walk-in-robos. The remaining three bedrooms are located along the side of the home and reduces any noise disturbance for sleeping children. An additional rumpus and semi-enclosed study area can also be found here. The open-plan living space is the hero of this design spreading across the rear of the home and features the kitchen, family and dining areas as well as a large alfresco. With an additional living area and plenty of storage space, this home has it all.
