15 Clifton Street offers you three (3) generous sized bedrooms, two (2) bathrooms as well as secure two (2) car accommodation via the lift up garage. Is your goal to renovate or value add? As many know, it's far less costly with a blank canvas. Here the property has most of the originality from the early 70's when the home was built. With an abundance of space on the ground floor, converting this area is only limited to what you're willing to do.

Investor? First home buyer? Starting your portfolio? Starting a family? Whichever point of view, know this; this particular area will continue to grow in value and is already one of Ipswich's top performing suburbs, having already seen a steady stream of growth over the last 7 years. Now is the time to secure a property before the market conditions flip and cost you time & money. Save this listing in your browser to receive updates for open home times and status of the sale.
