CLASSIC COUNTRY MAGIC!

Be transported into another era and envisage the wonderful opportunities that this unique property allows. It has been formerly used as a residence and has many years of history in the region in a variety of guises. It has been the home to a variety of successful business ventures more recently as the Artists Cottage and formerly as Nells Country Kitchen.

The location means that it is extremely visible to travellers as it is situated opposite the airport. It is also on the road in from Toowoomba and from one of the regions largest employers. There are a variety of buildings that are suitable for some very diverse projects.

With some tender loving care this amazing complex could again be one of the key places in the South Burnett landscape.
