GREAT VALUE AND POTENTIAL

Welcome to this unique property on the mountain. 24.91ha (61.55 acres) of rich red volcanic soil with your own rainforest.

Spend your days exploring or just sit back and enjoy the amazing views.

Take your pick of home sites, all with those views or tuck yourself away amongst the forest.

You have a farm forestry plantation in 2 plots approximately 2.37ha in size. The trees range from 21 to 25 years of age. The species are Hoop Pine and Gympie Messmate. Future income potential if you wish.

The rugged beauty of this lovely property and those views will take your breath away. This is the second last property at the end of a quiet no through road which is approximately 15 minutes from Gympie's Southside facilities.

Book an inspection today of this picturesque property, it is well worth your time.
