RARE AS....

Looking for a new build opportunity beachside then don't delay as these blocks are now tightly held. A canvas of 863 sqm of flat, accessible land with no easements and no adjoining neighbouring property to the north side allowing you to create a passive design to capture the best climate options this area has to offer. A 2 minute walk to the beach and national park combined with available services such as town water and underground power make this a solid investment into a limited supply of vacant land options in the area. Take a look- make the call and start living the lifestyle today...

0 BED | 0 BATH | 0 CAR
