ARCHITECTURAL LUXURY THE GOLF COURSE

I have the absolute pleasure to present this stunning home to the property market!

Stephen Kidd's architectural skill combined with renowned builder Carl Kennedy has produced a Peregian Springs home perfectly adapted to the Queensland climate which evokes a European summer nostalgia. The intricacy of detail in sympathetically allowing the golf course locale to be the picturesque feature reflects the leading craftsmanship and superior collaboration. To put it simply, 103 The Avenue showcases a shared determination for excellence.

A highlights reel of luxury features includes heated L-shaped swimming pool with cantilevered feature sitting area, enormous living area with slide away bifolds throughout, golf buggy garaging, massive Caesarstone breakfast bar, and custom made louvre system to allow cross ventilation and most of all the north-east outlook over the 16th green.

The almost intimidating portfolio of prestige influences doesn't sway the fact that this is more than a perfect house, it's a beautiful family home.
