LOT 31 DEXTER ROAD, GORDONVALE, QLD, 4865

SOLD

UNDER OFFER 11.78 ACRES LAND

Rare opportunity to acquire 4.77 hectares (nearly 12 acres) only 20kms from Cairns.

The rural land has been cleared, scraped and maintained with regular mowing and boasts great pastures for horses or cattle.

The land offers stunning views of the Walsh's Pyramid to the south and mountainous views to the East and West.

A waterway traverses across a section of the land and provides a picturesque treeline.

Design your own home and build what you want, with many ideal positions for a house and shed.

There is an added advantage of additional land, adjoining the property and could be used for your own use, giving you an extra grazing land for horses or cattle.
