## UNIQUE PROPERTY

Introducing a delightful cottage for the discerning buyer. This 2 bedroom home is a Peter Dall'Alba Building design.

This 6.5-star energy rated home packs a lot of bang for the buck. Aesthetically pleasing it is, yet it features so much more.

The house functions like a mini Queenslander in that, the air circulates under the house, and thus prevents mold inside, therefore creating a low irritant home for asthmatics and is allergy-free. The flooring is made of flotex carpet tiles thus having no glue. The Aircon is a Daikin asthma blue butterfly (allergy-free).
