CENTRAL LOCATION..CLOSE TO EVERYTHING REDUCED

This cute cottage is situated in a very handy location in Macksville with only a short 150m walk to the shops, cafes and the main shopping centre.

With some modifications to the home you could gain an extra bedroom and living space and out the back has rear lane access for all the cars, boat, van etc.

The property is currently tenanted until early March 2021 and would be available for the owner occupier or to be relet in the new year.

The block is zoned B3 (Commercial core) so would be perfect for a home based business with prime exposure and easy access.

This property would suit anyone from retirees to first homebuyers and also business owners, so don't delay to book an inspection to secure this property.
