

SOLD

RARE FIND IN KULUIN - NOW SOLD

Kuluin has been identified as one of the suburbs to watch on the Sunshine Coast. It's close proximity to Maroochydore and the multi-million dollar Maroochydore Town Centre development, is only part of the story. It is also only a short drive to the coast's best shopping at Sunshine Plaza, and arguably some of the best beaches in Queensland.

With very few easy to build on large blocks for sale at the moment, this 891 m2 block creates a rare opportunity for someone to build their new home and take advantage of the government incentives currently on offer. The land is flat to slightly undulating with few neighbours, and a green view at the front and rear of the property.

Of course, the smart property investor may prefer to build a duplex and maximise their return in a suburb that is seen as one of the best for future growth on the Sunshine Coast.

Call Stephen now if you are interested because we can't see this being around for long.
