AMAZING RIVER VIEWS ...

Relaxing water views are enjoyed from most rooms of this home and this is what you will enjoy when you buy this renovated riverside residence

This home has had a previous extensive renovation and now offers extremely comfortable accommodation. Whether you wish to retain the current layout of separate upstairs and downstairs living or convert to a single 2 storey home it is up to you.

Wide gates allow easy access to the rear yard, a large garage/workshop and garden shed so work from home might be a good option here too?
