A RARE 5.8 ACRE TROPICAL PARADISE

"NINDERRY PALMS" as this property is known is a treasured oasis of tropical botanical garden and rain forest, an oasis of calm and home to incredible birdlife located in the ever sought after suburb of Ninderry.

My clients have cherished their time as the "care takers" of this incredible property but have now reluctantly decided it is time to downsize and pass their home onto the next generation to enjoy. The accommodation is made up of the main house, a Red Cedar Clad Tropical Indonesian style home with soaring ceilings, Fraser Island Pine Floors and wide breezy Verandahs, 3 spacious bedrooms and one bathroom.

The Cottage located a good distance from the main house to maintain privacy features its own kitchen, shower/toilet rooms and a spacious open plan one bedroom studio with its own patio and carport.

The Shed / Studio located toward the Northern end of the block also has its own driveway access and is also currently being used as accommodation featuring a bathroom and kitchenette, studio space and single carport. This space could very easily be converted back to a shed if preferred and its position on the block offers an abundance of space and access for multiple or large vehicles, boats or caravans.

This totally useable, private and flood free 5.88 acres of land is a mix of rainforest, mature tropical gardens and wide open lawn around two very large dams offering privacy, peace and relaxation this property is ideal for a Yoga/Wellness Retreat, a Nursery or just as an incredible place to raise your family.
