29 WALLABY WAY PIMPAMA QUEENSLAND

4.02ha or 10 acres. This amazing property is in the fast-growing Northern corridor on the Gold Coast, located in growing and vibrant Pimpama. Ideally located close to great schools, shopping, and shopping centres, medical facilities and the magnificent Gold Coast and its' waterways with Brisbane only 40 minutes away. This property offers so many options to the astute investor or buyer. It currently has a 2BR, 1bath and kitchen home that is tenanted, as well as a separate storage area that offers a 1 bedroom, 1 bath and kitchen accommodation as well. Plenty of room to build your dream home and create your very own special oasis (STCA). It really is a blank canvas. Enough room for a pool, tennis court, sheds to store your machinery or car collection, grow your very own fruit and veges using the water from 2 huge dams on this great property. You could landbank for future gain, once again subject to council approval, in an area where properties of this size are rare, remembering that the Olympics are only a few years away. This property offers so many options. Call George Panopoulos to discuss or arrange an inspection. 0423 668 826 georgepanopoulos@atrealty.com.au
