SOLID TIMBER HOME WITH A GRANNY FLAT AND SHED IN TOWN

A unique design for an older house, this house has 2 bedrooms that share a walk-in wardrobe and ensuite.

A beautiful new Wood Stove sets the scene in the beautiful timber-dressed kitchen.

An area around the side of the kitchen serves as an office and transitions down to the bathroom at the back. From here, step out into the pergola area for your morning tea. Invite your Mum and Dad or Teenager from the Granny Flat to come and join you!

Store all your gardening equipment in the workshop at the back of the property, this really does have it all!

Nothing to do here, everything has been meticulously maintained and ready for the next owner to just come in and be very comfortable...

We have a private Virtual Tour for the house and also the Granny Flat, so if interested please ask for the link to these...

Contact us today to view this absolutely charming house.

3 BED | 2 BATH | 5 CAR
