"HEAVEN IN THE HILLS"

Tucked away on an elevated, no through road with Leap Views and complete tranquillity is this new to the market, 4 bedroom home set on approximately 2.5 acres with room to move. Architecturally designed with raked, timber cathedral ceilings, cross flow ventilation and built for the tropics, it is lightweight and cool all year round. Surrounded by natural rain forest and lush landscaped gardens, it offers privacy and space for all the family. Inside has a modern, contemporary feel with large, galley style, granite top, kitchen with all the mod cons, open plan living and the bonus of two large, outdoor, timber decks. Bring the outside in with the extra large sliding doors and screening opening onto the decks. The main bedroom is very spacious with modern en suite and the all essential Walk in robe. It is at the opposite end of the home to the other 3, generous bedrooms which all have built in robes and a stylish, central bathroom with separate bath to shower and a study nook. There is an extra office which is central to the living and main bedroom and added entryway so the work from home option is also available. There is a large, double lock up garage under the home with direct access to the stairwell along with workshop area, 16,000Lts of rainwater, fully equipped bore and town water.
