EXECUTIVE TOWNHOUSE WITH EXPANSIVE COASTAL VIEWS

The owners of this immaculate townhouse did not miss a beat in its design and construction. This is solid Custom build with so many luxury inclusions to impress a discerning buyer. They even positioned the house with room to store a boat and a caravan on this low maintenance elevated property. Located on the high side with 160 degree coastal views the property is full of light and feels roomy. The bedrooms and living areas are large and helped by the 2700mm ceilings too. Starting downstairs as you drive into the huge approx 70m2 garage with extra high 2350mm remote doors for Utes and FWDs, the floor is painted in Epoxy and has room for a workshop and more under house storage. The home is constructed of single brick veneer upstairs, and double brick downstairs for strength.

Upstairs there are three bedrooms with a study/ media/family room. The master has an ensuite with walk through robe. The open plan kitchen, dining and lounge room flow out to the largest of three concrete verandahs with NE coastal views and breezes.

The quality and feel of this property is next level with stone bench tops in the kitchen, bathrooms and laundry. If you are looking to downsize, invest or acquire your first beautiful home you cannot go past this freestanding luxury townhouse.
