## PRIVATE HOME ON ACREAGE!

This is definitely a peaceful and private property although it is on the edge of a thriving rural village. Set among trees the home is high-set with room for parking underneath. It could also be used as a gym or workshop area. The home has two good sized bedrooms with built-ins and an open plan kitchen, living area. The verandah runs the full length of the home on the eastern side and would be the ideal spot for breakfast in the morning sun. There is a secure shed on the high part of the block. The property is on multiple titles. Please contact me for a private inspection.
