UNIQUE HOUSE - CLOSE TO BEACH

Location and character are the standout features of this mud brick home set in the older part of Valla Beach.

If it is charm and something 'just that little bit different' you are after, then this property is certainly worth a look, especially if you enjoy a private setting and being close to the beach.

The home has lovely timber flooring throughout and raked ceilings incorporating an open plan design. The original timber kitchen is a good size as is the lounge/dining area.

Well established, easy care gardens are overlooked from the covered 3 sided decks. Plus a tandem carport for the vehicles.

The feel of this property is very special and would make a great family home or beach escape! Valla Beach has a vibrant café scene plus a pharmacy and tavern - situated 480m to shops and café, 590m to the local pre-school and only 700m to the pristine beaches.

Valla Beach is booming - make this one your next move...
