RURAL RETREAT!

40 acres of peace and nature. This large three bedroom home is set on forty acres in a quiet rural area. The home has verandahs around three sides and a large kitchen/ dining and living area. A dishwasher and air-conditioning in the shed make living in the country very convenient. There is tank water and septic. There is a solid shed that has been converted to a workshop and living quarters. The front of the property is fenced and currently runs a couple of horses. The dam is a good sized one and is set not far back from the home. There is some work to do on the home to bring it back to its former glory and you can live in the spacious shed while you do so. Please contact me for a private inspection.
