AMAZING SUNSETS, STUNNING VIEWS

Set back from the road with a sealed driveway, this is the place to call home for someone who is looking to live off the land, enjoy stunning views, the most amazing sunsets and no neighbours restricting your privacy.

This modern character country home boasts the most amazing views as far as the eye can see whilst overlooking your very own personal 10.5 acres of fertile land with an avocado plantation and private rainforest below. What more could you want?

The split-level home has been tastefully done with contrasting tones that compliment each other, soaring ceilings, large windows that soak in the ever-changing views, and a central brick fireplace to modern renovations throughout.

The separate wings give you a feeling of spaciousness and the easy flow design will impress the most fastidious of buyer. This home was designed ready to become a Bnb and the current owners have utilised this option in the past.

The land is full of surprises from the spring fed dam within your own personal rainforest to beautiful boulders, terraced gardens, and sheds to an old market garden with irrigation that just needs replenishing. There are so many different pockets to explore and so much bird life to enjoy.

The new owner will feel each day living here is an escape from the outside world.
