LIVE IN ONE, RENT THE OTHER OUT...

Here is great opportunity to purchase this exciting property that offers income and a place to call home... Located close to main street Gordonvale, properties like this are as rare as hens teeth...

Boasting two lowset Queenslanders, all fully fenced with private yards and space, this property will impress all who inspect.

Both properties have long term tenants in place who are happy to stay on, but they understand the different needs and wants of buyers in todays real estate market, and will vacate if required.
