LOCATION PLUS

This four bedroom residence is beautifully located only a very short stroll to the peace and ambience of the Canning River, with an extra bonus of it being within the Rossmoyne & Applecross high school zones. Nestled in a quiet cul de sac with a park at its end, the extras comprise ducted air conditioning and reticulated gardens, plus easy access to the freeway both north and south or if Fremantle is more your preference, a 15 minute drive will get you there. Or, forget about driving and relax on the train, as only a few minutes walk will have you arriving at the Bull Creek train station. With a generous but very manageable size block of 567m² and a 20.87m frontage, and another reminder of the lovely walks around the river, this offering is perfect in more ways than one.
