Top floor apartments in Deep Blue are often sought and seldom found! Deep Blue Apartments are luxury apartments which sit at the end of the Tangalooma jetty and offer direct beach access.

The dolphin feeding program is right out the front, so you can sit and have your own private show.

As the apartments form part of the Resort, you and your guests have the full use of all the Resort facilities. There are two heated pools, but Deep Blue also has a private pool exclusively for Deep Blue owners and guests only.

The apartments offer ducted air and have allocated single lock up garages.

Unit 15 is a two bedroom, two bathroom apartment with absolutely amazing views. The living area and master bedroom both lead out onto the large balcony which has a built in bbq with sink and fridge.

Being on the top floor it offers a high ceiling with extra windows to let the light filter in.

This is a great investment opportunity as there are no limitations on when you can stay. You can rent out, live in or do both!

This fabulous apartment is being offered fully furnished and self contained with all future bookings in place.

The owners of this property are down sizing assets and the price is indicative of a quick sale. This apartment does have a high booking volume so inspections will need to be booked in advance in between guests change over. Please call Juliet today to discuss how to make this outstanding property yours.
