## YOUR DREAM FAMILY ACREAGE LIFESTYLE STARTS HERE!

If you have been searching for a property which offers a lovely home, plus plenty of parking for the work vehicles, caravan and more...then look no further. On offer here is a peaceful retreat with a tranquil outlook and an uplifting sense of space and privacy, with loads of room to move. Set on an idyllic 6003M2 of land, it exudes warmth, charm and character in a sought after locale.

The home has a fresh yet cosy feel. The gleaming white kitchen has an abundance of cupboard and bench space and a very state of the art gas stove. Adjoining the kitchen is the family area, complete with both air conditioning and a combustion fire for year round comfort. Separate to the family area is the formal fully tiled lounge/dining room.

All four bedrooms are spacious and can accommodate a queen size bed. The master bedroom is roomy and has an generous ensuite bathroom. The family bathroom is very stylish with a frameless shower and neutral decor.

Perfectly set up for outdoor entertaining, this home is designed to maximise your leisure time and enhance your lifestyle with a huge entertaining area (has hosted many a party over the years) which overlooks the extra large inground pool. This is certainly the place to kick back and relax while enjoying the sounds of silence.

For the big toys, the large powered shed (approx 6m x 9m x 3.7H) boasts a mezzanine level for extra storage, plus loads of off street parking bays. Three drive in entries from the road ensure that the family cars and the van/boat are separate from the work trucks. A near new solar panel system is a bonus and great for saving on electricity bills.
