ENDLESS POTENTIAL!!

Welcome to 2 Galvin Street, a 597m2 corner block with Dual Access Driveways!

This Old Girl has great bones, but needs a bit of TLC. (Don't we all?)

The Kitchen has new Cabinets and benchtops on one side, and the Air Conditioning in the Main bedroom and Living area is only 12 months old.

The place is full of character - a mixture of timber framed Swing out and Louvered Windows and I'm told that underneath the floor tiles there are some magnificent timber boards.

There are 3 decent sized bedrooms, a good size living area, bathroom with separate toilet and Laundry off the kitchen.

Outside there are water tanks and a double carport with plenty of room for a shed.

You couldn't ask for a better Location - you can walk to the Lawnton Train Station in 5 minutes and is in prime position for the Uni, (USC) and in the catchment for Primary and High Schools. Local Shops and Supermarkets are close by and Highway access is easy to get to!

There may be potential for future development on this block - subject to DA approval and Due Diligence checks.
