VACANT CANVASS

Nimbin's local award-winning agent, Uri Ross, proudly presents Lot 4 & 6 of 2 Cordlyne Road, Rock Valley. Situated only 25 minutes from Lismore & 37 minutes from Nimbin are these extremely desirable & elevated allotments with titles already released and ready for you to start building.

Both Lots have soaring views over the Mackellar Range. Lot 6 has the more special scenic view out of the two, with views but up & down the valley with a well justified slightly superior price. Lot 4 has a classic elevated outlook over gum trees, farmsteads and on to the ranges over the valley.

Mains power sits across the road and is available to connect for the new owner STA. Due to the lay of the land, small dams could be created for garden purposes, though houses of course would need rainwater tanks & septic systems to be installed. Mature pecan tree's are planted in a line close to the northern boundaries.

On file available upon request, is detailed information from the original approval of these lots, the documents range from an informative soil contamination report from 2018, septic installation quotes, bushfire threat assessment report & a Neighbourhood Management Statement.

Approx. 4.44 acres will be managed (with very low maintenance) between the 5 owners which has 2 dams established to attract bird and aquatic life and is already planted out with a variety of native species at no cost to perspective purchasers. The owner respects the native environment & hopes this attracts buyers of similar mindsets.
