NEAT AND TIDY, WITH A SEASONAL CREEK!

This is really relaxing amongst the Eucalypts and Swamp Mahogany trees!
Fully fenced and partially built on, this is ready to build your own home, the way you want to build it.
There are mango trees with irrigation, the entrance is a pair of heavy-duty swung gates and the property has a gentle elevation at the front.
The current owner dug a well in the soak out the back which has permanent water all year around. It also has a bore with good clean water.
Check out the video to entice you to call Vikki on 0472 910 300 to book that viewing now!
