METICULOUS, NEAT AND TIDY, ALL BOXES TICKED! ON 1.54HA

What a top block, the owners of this property have planned every inch of this property, come and see how... Beautiful Craftmanship.

The main house has 2 kitchens, 2 dining areas, 3 bedrooms, 3 bathrooms, and solar. High raked ceilings and touches of timber that pop out and add a really nice, warm touch.

What a great way to use space effectively, the office is hidden behind sliding doors in the space under the stairs, and there is a huge overhead storage space in the main bedroom for odds and ends and the like...

Walk out onto the front patio to watch the Rainbow Lorikeets, Magpies and Top Notch Pigeons enjoying the bird bath and good feed while you enjoy your morning cup of tea. Then check out the back patio, its even better! With its own wood fired stove, shower and toilet, and the 3rd bedroom, the whole layout is just really accommodating.

The second dwelling consists of 3 bedrooms, bathroom/toilet, kitchen, dining and a large loungeroom area. There is also a laundry outside and huge carport area. There is also a second Virtual Tour for this one as well...

Behind the second dwelling are enclosed garden beds, raised gardens, sheds, a play area, and then the dam. Check out the video to see what I am talking about! It really is more that I can say in a write up, and all only 10 minutes from Ravenshoe.
