PERFECTION IN MOLENDINAR! "UNDER CONTRACT"

If its size-location-and price you are looking for-then search no more!

This fully renovated family home is now on the market. The present owners raised their family in this wonderful home-and are now wanting to downsize.

The home has character-space-and loads of charm. This home sits on a 974m2 block of land. The backyard is totally private from all neighbours-fully fenced- and ringed by magnificent trees - which attracts the bird-life. The large back patio is partially covered for dinner parties with another open area for those balmy summer nights and to catch the Sun on those cool winter afternoons.

Step inside and your are greeted by room after room of highly polished Queensland Brush Box floors - one of the finest and most expensive hardwood timbers - that give this home rarely seen character.

The home is split level - and features a new all white \$30.000 Don Allen kitchen that contrasts with the rich colours in the brush box flooring.
