A LITTLE GEM

This home has been newly painted, inside and out. All 3 bedrooms and the main living area have split system air conditioners installed as well as carpet floors.

A sunroom upon entering the home can be converted into the 4th bedroom if needed. A hallway is leading past the bedrooms into the kitchen/dining area. The open plan living area adjacent to the kitchen is showcasing beautiful timber floors, windows all around for light and warmth and plenty of space to accommodate even the biggest pool table.

Easy access is guaranteed through a ramp along one side of the home to enter into the living area as well as a couple of steps at the other end to access the carport.

A gas heater guarantees to keep this space warm and cosy.

The back of the home is high set with a large underneath area that is high enough to be converted into a second living space or be used as additional garages, workshop or studio.
