LOT 1 BLACKMOUNT ROAD, TIARO, QLD, 4650

SOLD

DREAMING OF LAND

This 45 acre property has some lovely acreage where you can hide your self away in the middle of nowhere away from all the neighbours and just let the world pass you buy. Have you thought of having some acreage with just the right number of trees and grassland so you can run some horses or livestock but still have nature close by. This unique block of land is 4km from Tiaro and 25km south of Maryborough. Big hidden valleys with water holes scattered along them and large gum trees lining the banks then rising up onto open grassy flats, perfect to grow some fodder or vegies or whatever you desire and certainly has a mix of land types and could suit the naturalist through to hobby farmers and every one in between.
The property is fully fenced and has a full road frontage with also another gazette road access point in one corner as well. Where you decide to build on the block will determine if you want have mains power or go off grid as there are a few locations to pick from which are determined by natural features of the block.
Please call Phil Edmunds to arrange a time to inspect.
