THE IDEAL RENOVATOR

Renovating an older home can be a wise investment, and this solidly built large full-brick home certainly has good bones. From its front porch to the rear undercover entertaining area, everything is BIG, with high ceilings throughout.

There is also a large double garage with a double car port, and a separate brick store room in the rear garden. Behind the remote-controlled roll-a-door on the side driveway, a further six cars can easily be accommodated and there is plenty of extra space for a pool or vegetable patch.

The home would especially suit a trades person or home business, and its location close to Lakemba shops, train station and schools gives unparalleled convenience.
