SCARE AS HEN'S TEETH! THIS STUNNING HALF ACRE BLOCK BACKING ONTO NATIONAL PARK HAS TO BE SEEN TO BE APPRECIATED!

Land in Cooloola is now limited because of the recent boom period, which makes this block a rare find indeed. The minute I walked on the block I got a "warm and fuzzy feeling"! You feel so close to nature here, with the majestic National Park as the backdrop. The block has a gentle slope which gives you a beautiful breeze. The owners have strategically placed the near new 10.5m x 7m shed to allow for building at the back or the front, so the choice is yours! There is power and water available. Location is superb, just a hop skip and a jump to Tin Can Bay, and a slightly longer drive to Rainbow Beach. If you want to live somewhere where you can feel close to nature, and have your own peace and tranquillity, then this is the block for you! On-site inspections are welcomed by calling Janet Young anytime.
