ALL THE WORK IS DONE

This recently renovated 3-bedroom, 1-bathroom house on large 618m2 lot offers you everything you need as you walk through the door. With the welcoming characteristics of its 1980's build, including the character pot belly stove and ceiling fans in each bedroom, this air conditioned property provides a genuine homely feel and many different spaces to utilise at different times. Close to parklands, shopping precincts and transport, plus a drive-through garage that opens to a large, grass-laid backyard with reticulated garden beds and a great separate garage which is perfect for a roomy workshop, this home has it all. What a great starter for that young family, or retirees looking to downsize. Contact Mark Burgess now for more information or an inspection of this beauty.
