MOTIVATED SELLER READY TO MOVE TO THE UK - LOVELY DUPLEX PRICED TO SELL!

The current owner has lovingly cared for this spacious duplex and created beautiful spaces, both inside and out, and has recently made the difficult decision to sell and live closer to family. With a stunning front courtyard for quiet cups of tea and awesome alfresco entertaining area out the back for Christmas barbecues, you will have an endless supply of friends and family wanting to pop by for a visit. You will love living across from huge parklands, where you can enjoy walking/bike trails, an off leash dog park, children's playground, a tennis court and a cricket pitch. The great news is that it's like having an acreage at your fingertips, but there's no maintenance as the council mows it for you! This charming duplex will suit first home owners, retirees, investors and small families. It's rare to find a duplex that offers so much for so little and this one won't last long on the market. Mark the open home in your diary and don't miss out!
