FREEHOLD DUPLEX - 20 MINUTES TO CAIRNS CBD

Located close to Edmonton CBD and on a bus route, the property is centrally positioned on a 760 sqm block and built well off the road. The units are mirror images of each other and offer a sizeable living space. Both units have a rear garden and shed with side pedestrian access. There is undercover off-street parking for two vehicles, and an additional car space for each unit, providing plenty of parking for trailers, boats, or vans. Both units have over the years been partially renovated and still offer considerable scope for future enhancement in order to increase the rental return or create a home with an additional passive income
