Situated in a tightly held pocket of Robina Waters, it is with great excitement that we introduce this unique offering to the Gold Coast property market for the first time in 37 years. Ripe with potential, this renovator's dream is positioned on a fully fenced 749m² parcel of flat land. Better still, buyers will love the secure side access on offer which presents a remarkable opportunity for the new owners to securely store a boat, caravan or trailer at the property. Alternatively, for those looking to take full advantage of the warm Gold Coast summers, there is plenty of space in the backyard to install a pool directly off the expansive outdoor entertaining area or at the rear of the property.

Once inside, you'll quickly discover why this property is worth its weight in gold. Boasting a spacious and contemporary floorplan that features a separate bedroom wing and two large central living areas, you could easily confuse yourself for thinking you'd seen this 1980's floorplan at a modern-day display village. Oh, and did I mention it's situated in a quiet cul-de-sac? What a dream!
